Address

City / Zip Code

1. **Permission for Access:** I agree to allow AMBAG Energy Watch (AMBAG EW) Program staff or subcontractors, and Pacific Gas and Electric Company (PG&E) access to my facility to evaluate possible energy efficiency measures. I realize this may require AMBAG EW staff or PG&E to extend ladders, and to open fixtures and service hatches throughout the property.
2. **Confidentiality:** I understand that any items designated below as sensitive or confidential will remain so within RightLights, PG&E and the California Public Utilities Commission.

-
3. **Liability:** I understand Ecology Action is receiving funds from PG&E for the AMBAG Energy Watch Program, but the parties agree PG&E is not liable to either party for any losses or damages, including incidental or consequential damages, arising from this Agreement.
 4. **I understand receiving this free evaluation does not obligate me in any way,** nor does it guarantee that Program benefits will be extended to my business.

California consumers are not obligated to purchase any full-fee service or other service not funded by this program. The RightLights Program is implemented by Ecology Action and is funded by California ratepayers under the auspices of the California Public Utilities Commission.

Los consumidores en California no están obligados a comprar servicios completos o adicionales que no esten cubiertos bajo este programa. Este programa está financiado por los usuarios de servicios públicos en California bajo la jurisdicción de la Comisión de Servicios Públicos de California (CPUC).

Eligibility

The AMBAG Energy Watch Program provides energy efficiency consulting, rebates, and turn-key installation of efficient equipment to commercial PG&E electricity customers in Santa Cruz, Monterey and San Benito Counties. Multi-family buildings are eligible for assistance in their common areas only. Some very large businesses, schools, non-profit businesses and municipal facilities may have additional requirements to participate, so be sure to confirm eligibility with your AMBAG Energy Watch Energy Specialist.

Process

- 1.** Qualifying businesses receive a free energy audit and report detailing recommended energy-saving measures, expected installation costs, estimated energy savings and rebate amount.
- 2.** When the Customer has reviewed the report and decided to implement the AMBAG Energy Watch recommendations, the Program will make pre-screened contractors available to perform the work at a time that is convenient to the Customer.
- 3.** Finally, AMBAG Energy Watch will perform a follow-up inspection to confirm the quality of installation. After a successful installation, the Customer is responsible to the contractor(s) for the portion of installation costs not covered by the rebate, if any.

Restrictions

This Program is available from January 1, 2013 through December 1, 2015 or until all Program funds have been allocated. Funds will be distributed on a first-come, first-served basis.
